MEMORANDUM FOR: [REDACTED]

25X1

SUBJECT: Air-Portable Hangar

1. The attached literature on the Handy Page air portable hangar was received in Headquarters from [REDACTED] as a result of a requirement I laid on him for obtaining the material in connection with its possible utilization in BLACK SHIELD.

2. I do not know whether this offers anything that we need in that area of the world unless it might be considered in connection with post-strike recovery use in a place like Ban Takhli where the typhoon menace is not so great. I would appreciate it if you would look this over and see if it is worthwhile, so that I can close the loop with [REDACTED] and also in order that I can say something appropriate to [REDACTED] when he visits here around the 20th of April.
